

Drive belts

Suitable for: trucks and buses

????????

Multibrand

The extensive DT range includes more than 500 different drive belts and, in addition, matching components, such as belt tensioners, tensioner pulleys and (belt) pulleys.

Due to compliance with high tolerance accuracy and regular monitoring during production, DT V-belts with AVX profile can be used in sets.

Because of their precise profile, narrow structure and extreme flexibility and elasticity, DT V-belts with PK profile fit perfectly to the ever closer adjacent auxiliary units of modern engines.

In addition to the AVX V-belt sets, the DT brand also offers power belts which are made specifically for long transmission distances and where, due to the aggregate arrangement in the vehicle, strong vibration may occur.

DT Spare Parts

The brand DT Spare Parts from Germany provides a complete range of vehicle parts and accessories with a 24 month guarantee – no matter whether for trucks, trailers, buses, transporters or further applications, e.g. cars, agricultural vehicles, construction vehicles, marine or industrial applications. The guaranteed brand quality is achieved through the consistent product optimisation and relentless quality assurance within the framework of the Diesel Technic Quality System (DTQS).
